

HAEMATOLOGY / SELECTED RESULT FIELDS

Laboratory report

PATIENT: Sample patient A	UHID: DEMO-0042
ORGANISATION: Example Hospital	DOCUMENT: Website specimen

ORDER	SPECIMEN	COLLECTION
LAB-0086	Sample identifier SPC-0086	Example collection date

Selected investigations

INVESTIGATION	RESULT	UNIT
Haemoglobin	13.2	g/dL
White blood cells	6.8	10^3/uL
Platelets	240	10^3/uL

Illustrative values only. Reference intervals, flags, and interpretation belong to the laboratory's configured report and patient context.

A report has a workflow

STAGE	WHAT IT RECORDS
Result entry	Results recorded against the ordered tests.
Verification	A distinct review step before report sign-off.
Signing	The report sign-off event.
Release and delivery	Release is followed by the configured patient delivery workflow; messaging checks consent.

Signatory: no clinician signature - website specimen only.

This document illustrates fields supported by the product. All identifiers and values are fictional. It contains no clinical advice, diagnostic interpretation, or valid clinician signature.
